

Trust in Me¹

Why do you get disturbed and confused about life's problems? Allow Me to control all things and they will become better. When you totally give yourself to Me, all things will be resolved with peace according to my plans. Do not get frustrated, do not pray as if rushing Me or forcing Me to realize your plans. Instead, close the eyes of your soul with peace and say to Me: **"Jesus, I Trust in You"**.

Try to avoid those thoughts that anguished you when you try to understand all the things that happened to you. Do not destroy my plans by imposing your ideas, but rather allow Me to be your God and act in your life. Give yourself entirely to Me with complete trust and leave your future in my hands. Tell Me frequently: **"Jesus, I Trust in You"**.

What hurts you the most is when you reason everything according to your thoughts and when you try to solve all your problems according to your ways. When you say to Me: **"Jesus, I Trust in You"**; do not be like the patient who says to the doctor: "heal Me", then suggests the best way to do it.

Leave the healing to my divine arms; do not be afraid, I Love You.

If you see that things are turning worse or more complicated even while you are praying, keep trusting in Me, close your eyes of your soul and continue saying at each hour: **"Jesus, I Trust in You"**.

I need to have my hands free in order to bestow my blessings. Do not bind my hands to your absurd worries. Satan wants you to get frustrated, to feel sad, and to take away your peace.

Trust in Me, rest in Me, give yourself to Me. I make miracles in the measure that you give yourself to Me and according to the faith you put in Me. Thus, do not worry, give Me all your frustrations and sleep in peace, and always tell me: **"Jesus, I Trust in You"**, and you will see great miracles.

I promise with All My Love, Jesus
